- will act within its delegated authority as recorded in this Charter.

Despite the delegations below, the Committee Chair may determine, at their discretion, that any matter should instead be referred to the Board for the Board's consideration.

Specific Delegations

The Board has delegated specific and general authority for the Committee to make decisions on behalf of the Board and to approve the:

- Market Risk,
- Group Financial Policies,
- Assurance Charter;
- Annual Assurance Plan; and
- Assurance recommendations and agreed corrective actions (including scope and timeframe and Management requested changes).

These specific delegations preclude the Chief Executive (or their sub-delegates) from approving these items, unless the Committee makes a specific sub-delegation in relation to them.

General Delegations

The Committee may also consider and approve, on behalf of the Board, any matter recommended to it by Management (whether it wholly or partly accepts the Management recommendation, or not), where the matter:

- is directly relevant to the Role of the Committee or Responsibilities above;
- does not more directly rest within another Board Committee's delegated authority; and
- is not reserved to the Board in the Authorities and Delegation or any other policy.

Audit and Finance Committee Charter

In the event of any doubt (raised by Directors or Management) as to whether the Committee has delegation to decide or investigate a matter, the Committee Chair may determine whether the decision is within the delegation of this Committee. The determination of the Chair and the decision is to be reported to the next Board meeting.

These general delegations do not preclude the Chief Executive (or their sub-delegates) from exercising duly delegated authority in these matters.

Composition

The Board will appoint at least three non-executive Directors to the Committee who, in the opinion of the Board:

- Are independent of the Company management and free from any relationship that, in the business judgment of the Board, would interfere with the exercise of their independent judgment as a member of the Committee; and
- Have sufficient financial knowledge and industry understanding to enable them to discharge their duties.
- Members will be appointed to the Committee for as long as they remain a Director of CSE or until such time as the Board determines otherwise.

The Committee Chair will be a member of the Committee, other than the Chair of the Board of Directors, appointed by the Board. All Directors have a standing invitation to attend meetings of the Committee.

A quorum consists of two Committee members. Where only one Committee member is available, then any other Board Director may attend to constitute a quorum.

The Secretary of the Audit and Finance Committee will be the Company Secretary, or such other person as nominated by the Board.

The Audit and Finance Committee may invite such other persons to attend its meetings (eg the Chief Executive Officer and relevant executives) as it deems necessary.

Procedures

The Committee will meet as frequently as required, but at least four times per year. The assurance or external auditors may request a meeting if they consider that one is necessary.

The Committee Chair may call a specific Committee meeting if requested to do so by the Board, any Director of the Board, external audit or assurance.

If the Committee Chair is not available within five minutes of the scheduled start time of a meeting, then the Committee will elect an interim Chair from among the members for that meeting.

The Committee Secretary is jointly responsible with the Chief Executive Officer for settling the agenda which will be agreed with the Chair prior to a meeting. The Secretary is responsible for keeping the minutes of the meetings of the Committee which will be prepared and circulated to the Committee Chair and then to the Committee and Board after each meeting.

The Committee Chair should report to the Board after each Committee meeting, including recommendations on any specific decisions or actions the Board should consider and other matters relevant to the Committee's role and responsibilities.

The Committee may have access to adequate internal and external resources, including seeking advice or assistance from external advisors or consultants if required to enable the Committee to fulfil its role. It may also direct any special investigations or obtain independent advice where considered necessary to discharge its responsibilities.
